1 OVERVIEW

1.1 INTRODUCTION

City of Ekurhuleni (COE) has a mandate to promote the Smart City concept for transformation, growth, development and ensure that all Ekurhuleni's citizens derive sustainable benefit from technology development. The Information and Communication Technology (ICT) department has a responsibility to ensure that ICT goals are aligned to and support the City's mission and strategic objectives of becoming and Smart, Creative and Developmental City, and that optimum business value is realized from ICT related investment services and assets. Information and Communication Technology (ICT) is one of the key strategic enabling department within the City. It uses and leverage on the implementation of technology to enable the City to deliver services effectively and efficiently.

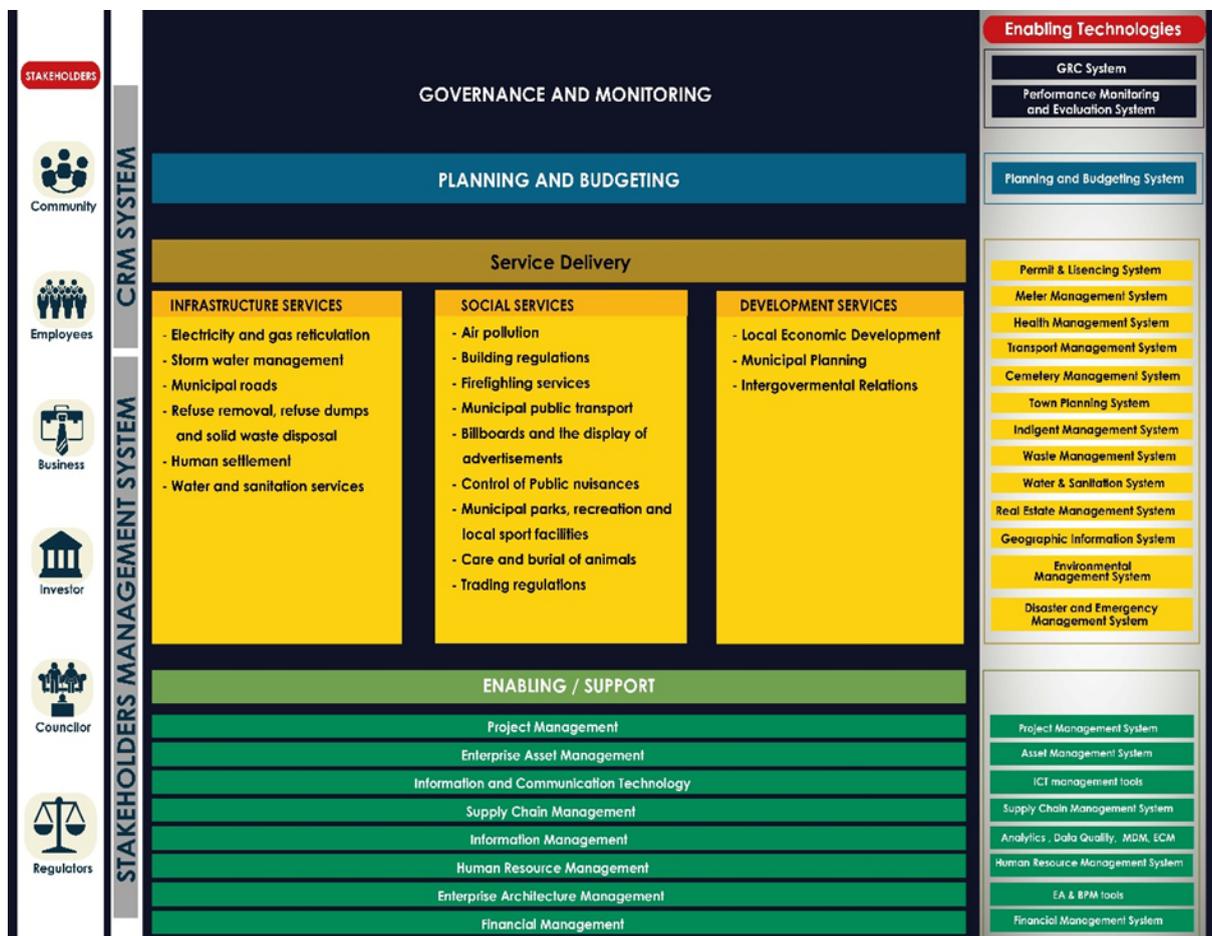

Figure 1: City Model

The municipal reference model has been set as a standard capability reference for all the departments. It illustrates the core, enabling/ support functions and its relevant systems, and the different stakeholders involved.

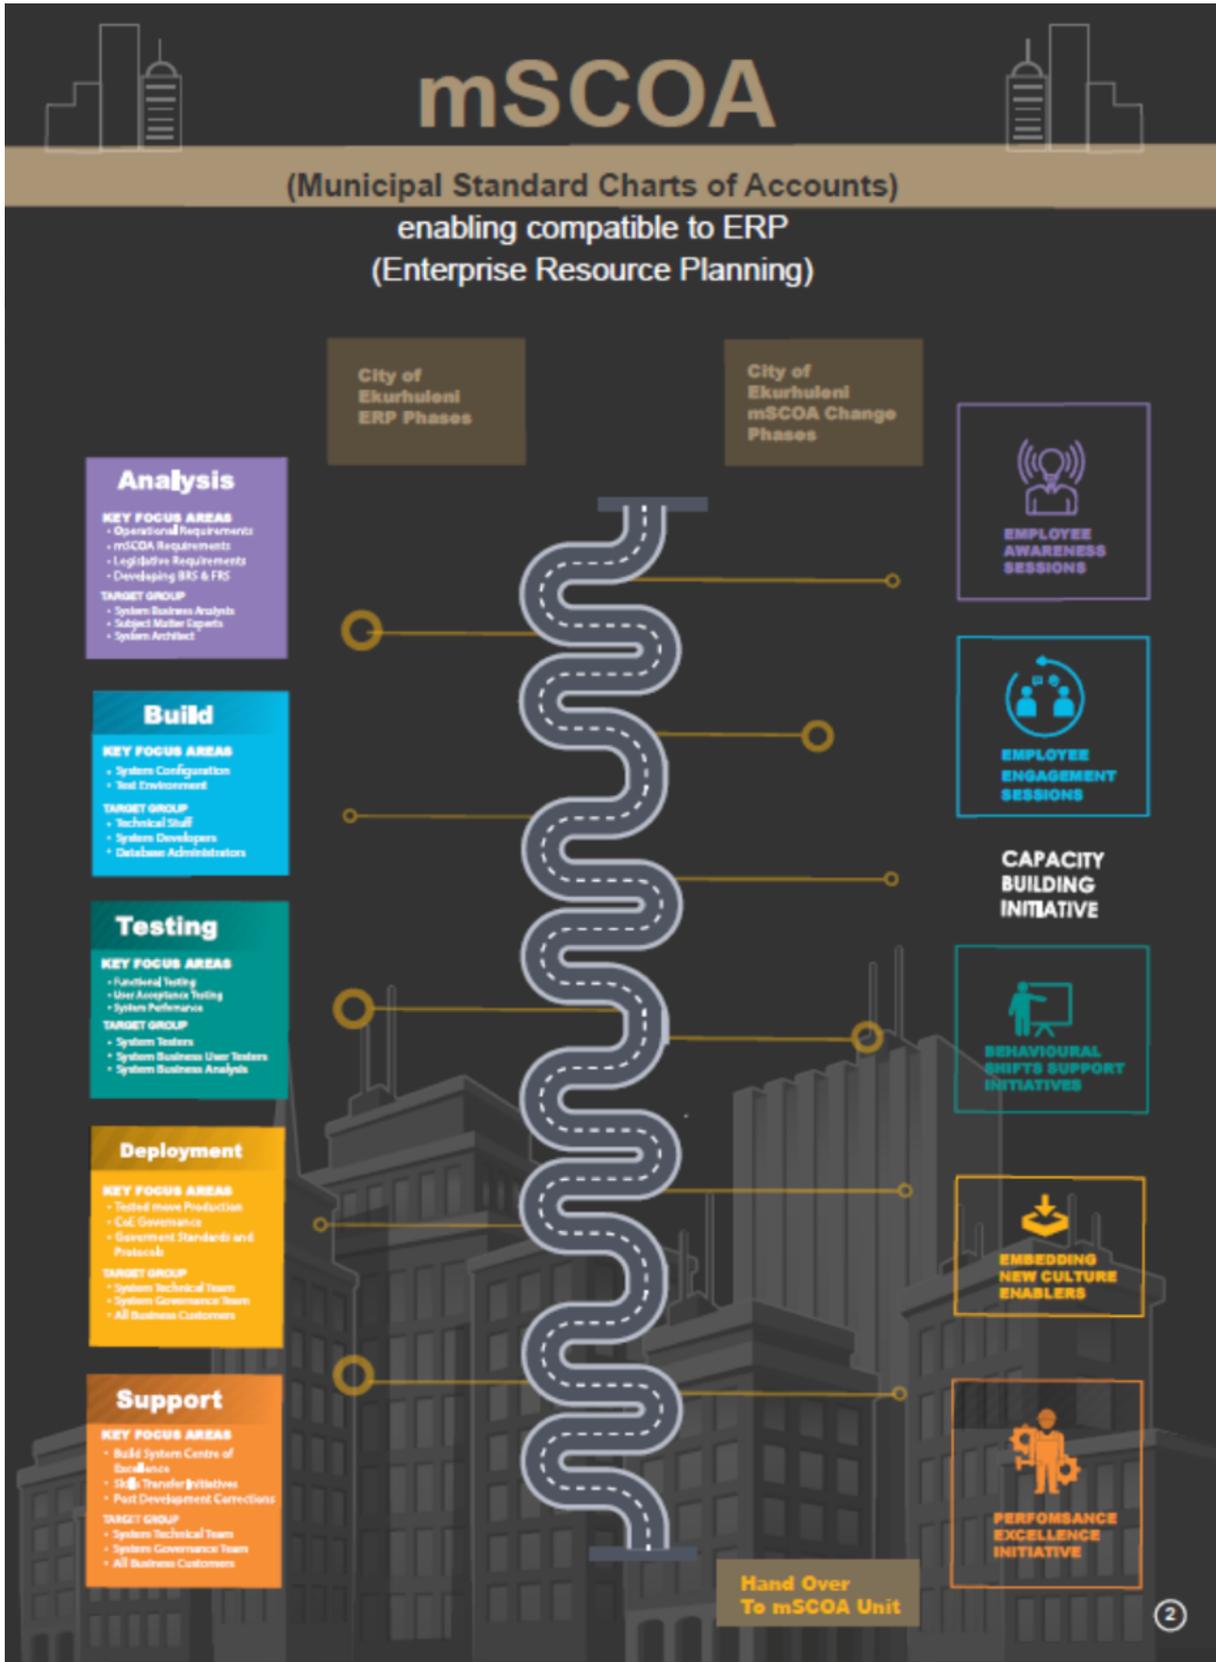

Governance and Monitoring is an overarching capability providing an oversight to all capabilities in the municipality.

Strategy capability is responsible for all planning and budget related capability for the CoE municipality. Evaluating existing business unit strategy based on the company's strategy and eliminate unwanted/unnecessary resources/elements and re-consider necessary resources to meet the overall company's strategy.

Core capability is all the municipality business processes mandated by the municipal act, to provide all constitutionally mandated services as prescribed by the Section 4 B and Schedule 5 Part B of the constitution.

Enabling/Supporting capability is all the transversal function within the municipality, that provide support to core process with a view to deliver the municipal mandated services.

Enabling Technology is all the systems/ applications used by the municipality to support internal business process, each capability layer will comprise associated applications.

2 GENERAL SYSTEM INFORMATION

Property Letting is one of the revenue generating streams within EHC, which is an entity owned by the city, its mandate is to manage the leasing of city owned flats, which are for social housing to people earning between R3500 and R15 000. EHC does not have any system to support their leasing function. Most of the processes are still managed manually using spreadsheets which has negative effect on operations and the reporting thereof. There is a need to implement a fully integrated system, that will support the Property Lease Management capability end to end for EHC.

3 LEARNING REQUIREMENTS

It is expected that learners have the following pre-requisites:

- Computer literacy
- A good understanding of the Property Lease Management (PLM) system.
- Learners with special learning needs are required to inform their manager and the trainer.

This User Guide is intended for the following audience:

- Property Manager

4 LEARNING EXPECTATIONS

Understand System Concepts:

- System Login
- Approve Signed Lease Agreement

5 LEARNING JOURNEY

You have now successfully completed this sub-section

10 APPROVE SIGNED LEASE AGREEMENT

After completing this sub-section, you will be able to approve the signed lease agreement.

Once the applicant has signed the lease agreement, you are required to check and validate the signed lease agreement.

The application status will be “In Awaiting Managers Signature”.

Navigate

On this screen:

- Once logged in, you will be on the **Property Lease Agreements** page.
- OR
- Select **Lease Agreement** under the **Agreements** item on the navigation panel.
 - You will be navigated to the **Property Lease Agreements** page.
 - Click the **Signature** button on the application of choice.
 - You will be navigated to the **Generate Lease Agreements** page.

Screen

The screenshot displays the 'PROPERTY LEASE AGREEMENTS' page in the CoE PLM system. The left-hand navigation menu includes options for PROFILE, AGREEMENTS (with 'Lease Agreement' selected), RENEWALS, COMMUNICATION, USER MANUAL, and AUDIT. The main content area shows a table of lease agreements with the following data:

Applicant Name	Application Type	Application Reference Number	Application Created Date	Status	Action
Shevek Poonsamy	Individual Application	EHC2022081100001	2022/08/11 12:12:44 PM	In Awaiting Managers Signature	Signature
Shevek Poonsamy	Individual Application	EHC2022081100002	2022/08/11 2:45:35 PM	In Awaiting Managers Signature	Signature
Thandi Zondo	Individual Application	EHC2022072100001	2022/07/21 11:54:05 AM	In Awaiting Managers Signature	Signature

The table also includes a search bar, a 'Show 10 entries' dropdown, and pagination controls (Previous, 1, Next). The footer indicates '© 2022 - PLM v1.3'.

Property Lease Agreements Page

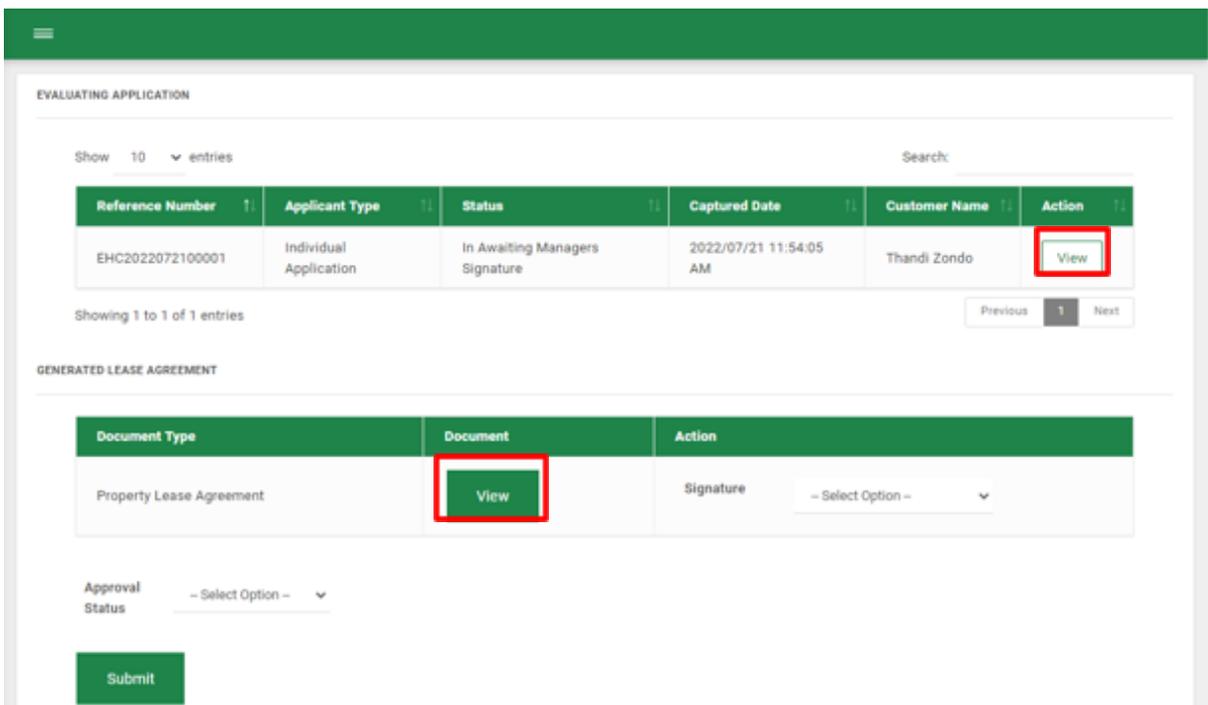

Navigate

On this screen:

- Under **Evaluating Application** sub-section, clicking on the **View** button gives you access to view information on the application, such as:
